

M.
SHIVELY

THE DIVISION TABLE

The **DIVISION TABLE**, the newest addition to M. Shively's furniture collection, is a collision of diverse materials resulting in a distinctive contemporary design. A new form emerges when the central bronze plate divides the black walnut into two equal planks, resulting in a union of what what was once divided.

Custom options include choice of metal (bronze, steel, patinas) and size.

Hand Crafted in the USA.
Please call for pricing.

Dimensions: 50" X 16" X 16"
